

Dear Church,

Thank you for your intentional work in bringing Jesus to your local communities!

We believe the local church is foundational to building Christ-filled communities worldwide. **Holy Spirit-empowered ministers are needed in America!**

Holy Spirit-empowered chaplains are needed in our Military, Veterans' Hospitals, Prisons, local hospitals, law enforcement, Firefighters, emergency services, and sports teams. For over 40 years, Chaplaincy of Full Gospel Churches has served both the local church and the institutions chaplaincy serves.

CFGC, Inc. serves as a federally recognized Ecclesiastical Endorser to ensure that the non-denominational, independent, Full Gospel Charismatic and Pentecostal laity are served by Chaplains of like Faith.

I have experienced firsthand how a Spirit-empowered chaplain can impact eternity for those we serve. From two tours in Afghanistan to military hospitals and Veterans' Hospitals, the impact is tangible and eternal.

Will you continue in this sacred partnership? We need your help in four ways:

- Pray for our Chaplains!
- Preach the Gospel unashamedly!
- Promote the next generation of Spirit-Empowered ministers!
- Partner with us by signing the attached agreement on your church letterhead (digitally scan and send or mail to us)

Looking forward in Christ,

Reverend Matthew A. Cassady
